Now Senator Baucus needs to be briefed. I gave your name, Carol, as the best person and told Mathy we were having a call today at 2 PM to discuss this issue.

I think we have what we need for the Yellowstone River component of this meeting, but we need significant background material for the Libby issue. Specifically, I just got a note that it was about "contaminated wood chips being sold in Libby." Can we make sure that someone from the region is able to call into this to talk specifics with Libby?

Mathy,

Who would you like in the pre-brief meeting and on the phone with the Administrator and Senator?

Thanks

We need to get the region involved on the asbestos discovery issues. Mathy, was this what was highlighted in the NYT?

The timing should work, assuming that oswer/r 8 can get materials together on the asbestos stuff by then.

So just to be clear. Should this be a meeting or a call. The Senator does want this to happen this week.

My suggestion would be that a pre-meeting happens tomorrow morning at 10am and then either a phone call or in person meeting in the late afternoon.

Thoughts?

Good Morning all,

The senator would like to meet with the Administrator this week to discuss the oil spill in Montana and the additional asbestos discovery in Libby, Montana. Please let me know your thoughts ASAP.

Thanks,
Ryan
